PROFILE

I am an Interactive Media and Design student with hands-on experience in web development, UX/UI design, photography, and videography. I also bring over five years of supervisory experience, showing strong communication, leadership, and team management skills, along with creative problem-solving.

EXPERIENCE

LEAD DESIGNER

IBPS Ottawa - School Client Project May 2025 - Present

- Led the redesign of a religious organization's website focusing on accessibility, usability, and SEO
- Creaded responsive wireframes and high-fidelity mockups using Figma
- Built and customized the website using WordPress, ensuring responsive design and ease of content management
- Conducted weekly client interviews to ensure the client's satisfaction with our progress

Self-Employed

Freelance Photographer Jan 2021 - Present

- Captured high-quality visual content across various styles—portrait, fashion, event, and product—using DSLR and mirrorless cameras
- Applied principles of visual hierarchy, composition, and contrast to create emotionally engaging and story-driven imagery
- Retouched and enhanced images using Adobe Photoshop, Lightroom, and Premiere Pro, maintaining consistency in color, tone, and brand aesthetics
- Handled full project lifecycle including client meetings, creative direction, contracts, and invoicing, demonstrating strong communication and business skills
